Comments from All Reviewers

Please provide ratings and comments on the following project criteria (1 = low and 5 = high):

1 2 3 **4** 5 **Overall project quality**

Comments: The project has a clean design with straightforward navigation. The content is informative and structured well. There is room for improvement in terms of visual engagement and interactive elements.

1 2 **3** 4 5 **Level of creativity and originality demonstrated in the project**

Comments: Incorporating more unique design elements or interactive features could enhance the originality. The project does demonstrate a good level of creativity.

1 2 3 4 **5** **Project contains an appropriate amount of information to meet its objectives.**

Comments: The project contains a suitable amount of information to meet its objectives, with clear descriptions of services and products.

1 2 3 **4** 5 **Quality of elements making up project (HTML/CSS, photos, vector graphics, video, audio, animation, web objects/elements)**

Comments:

1 2 3 **4** 5 **Project design (color, fonts, typography, layout/composition). The overall concept/theme/unified look of the website is effective.**

Comments: The design elements are done well creating a modern look.

Do you feel this project is appropriate to include in the student's portfolio considering skill-level demonstrated?

Comments: Yes, I think this would be a good project to add to the students' portfolio.

Did you experience any technical difficulties as you navigated through the website or displayed the project?

Comments: No.

What are the main strengths of the project?

Comments: The strengths are the clean design and easy-to-follow navigation.

What are the main things that could be improved with the project?

Comments: For improvements, I would consider adding more interactive elements, enhancing visual appeal with more graphics, and displaying the content in a more visually appealing way. Also, considering adding testimonials to help integrate that past customer base.
